PROFESSIONAL EXPERIENCE

October 2023 - Present

Music Composer and Sound Designer | Jugacogi

In charge of creating the music, sound effects, and integration through Fmod for a couch co-op video game called Plush Party . I also provide all the audio for their branding and promotional content and feedback or ideas for the creation process. Wishlist is available on Steam.

Sound Team Lead | Innovamat Education S.L.

June 2019 - May 2023

In charge of creating the music and sound effects for Bmath App (+ 100.000 downloads) and many different audiovisual contents related to education and mathematics (podcasts, animation series, marketing videos). This audiovisual content and bmath app are used in many schools worldwide. As the Sound Team Lead, I also had to manage and organize a small team of three.

Music Producer and Recording Engineer | Cuits

October 2018 - November 2019

In charge of producing, recording, editing, and mixing the album "Esclaten Tempestes" from the music band Cuits (available on all Streaming Platforms). Also recorded the guitars and created the electronic music parts such as synths and sound design.

Music Producer and Recording Engineer | Cuits

June 2017 - May 2018

In charge of producing, recording, editing, and mixing the album "Aires del Norte" from the music band Cuits (available on Spotify and Youtube). Also recorded the guitars and created the electronic music parts such as synths and sound design.

Sound Technician | Salleras Telecomunicació S.L.

July 2015 - September 2015

Carrying out tasks as a live sound engineer during the festival of "Castell de Peralada". Setting up sound equipment (Line Arrays, Microphones, Surround Systems) and installing security surveillance equipment.

Service and Cashier | Empuriaport S.L.

Summer 2012 - Summer 2013

Carrying out service work in a ship-only gas station, mooring and unmooring the boats. Also charging the clients and closing the cash register.
