PROFESSIONAL EXPERIENCE

Music Composer and Sound Designer | Gnaughty Gnomes

In charge of creating all the music and sound effects for this chaotic party-style combat game. Also used FMOD to integrate the audio so it reacts to a wide range of gameplay actions and player inputs. The game is available on Steam.

March 2025 - March 2026

Music Composer and Sound Designer | Paper Knight (Demo)

Composer and sound designer for the demo of a 2D platformer with a paper-style look, creating all music and sound effects and managing the full audio setup through Fmod. A demo is available on Steam for those wanting to try the early gameplay.

November 2024 - March 2026

Music Composer and Sound Designer | Plush Party

In charge of the music and sound effects for Plush Party, a couch co-op experience where plushies compete to dodge the claw and stay in the game. I also craft the audio for their branding and promo content and support the team with creative input. You can wishlist the game on Steam.

October 2023 - Present

Sound Team Lead | Innovamat

In charge of creating the music and sound effects for Bmath App (+ 100.000 downloads) and many different audiovisual contents related to education and mathematics (podcasts, animation series, marketing videos). This audiovisual content and bmath app are used in many schools worldwide. As the Sound Team Lead, I also had to manage and organize a small team of three.

June 2019 - May 2023

Music Producer and Recording Engineer | Cuits

In charge of producing, recording, editing, and mixing the album "Esclaten Tempestes" from the music band Cuits (available on all Streaming Platforms). Also recorded the guitars and created the electronic music parts such as synths and sound design.

October 2018 - November 2019

Music Producer and Recording Engineer | Cuits

In charge of producing, recording, editing, and mixing the album "Aires del Norte" from the music band Cuits (available on Spotify and Youtube). Also recorded the guitars and created the electronic music parts such as synths and sound design.

June 2017 - May 2018

Live Sound Technician | Salleras Telecomunicació S.L.

Carrying out tasks as a live sound engineer during the festival of Castell de Peralada, managing the full setup of audio gear including line arrays, microphones and surround systems, and helping install security surveillance equipment to support event safety.

July 2015 - September 2015

Service and Cashier | Empuriaport S.L.

Carrying out daily service duties at a boat-only fuel station, including assisting with mooring and unmooring, attending the customers and their requests, handling all payment processes, and closing the cash register at the end of each shift.

Summer 2012 & Summer 2013
